INTRODUCTION

Introduction

Program of Continuing Education

The Program of Continuing Education offers an extensive range of undergraduate and graduate courses during the late afternoon, evening and Saturday morning hours each Spring and Fall semester, as well as day and evening courses during two intensive Summer Sessions.

The Program is specifically designed to encourage part-time educational studies for self-enrichment or professional advancement. The emphasis of the Program is to provide adult students with the opportunity to succeed in one or two courses at a time, as well as a chance to attend college while holding a job or having other responsibilities which make it difficult to attend college on a full-time basis.

Off-Campus Program

When it became apparent that numbers of students in neighboring cities and towns were interested in programs offered by Continuing Education, an Off-Campus Program was established. In 1973 five courses were offered at one Off-Campus location. The program grew rapidly and this semester, over 350 undergraduate and graduate courses will be offered at more than twenty Off-Campus centers throughout the Greater Metropolitan Area.

Input from local communities continues to be important to the Program. Presently we are working cooperatively in programs with community schools, elementary and secondary schools, community colleges, hospitals, governmental agencies, busi-

ness, industry, as well as with community and professional groups. We will expand these cooperative efforts in the coming year, as we continue to look for opportunities to provide educational resources to the people and the communities we serve.

Information on courses being offered this semester at our Off-Campus centers is listed on page 30.

Urban Learning Center

Located on the Boston campus but serving individuals and groups of students in off-campus locations, the center offers programs for high school seniors and adults who are interested in preparing for college. Programs offered through the Urban Learning Center include:

The Flexible Admissions Program: a college prep program designed to assist high school juniors or seniors with lackluster academic records and involve them in an intensive prep program for 30 weeks. The subject matter is critical; reading, writing, mathematics, and science. Concurrent with classes, the student is counselled as to self-concept, academic problems and career ambitions.

After completing the program with academic success, the student is guaranteed admission into the state college system.

The G.E.D. Preparation Program: an intensive program to prepare students for the successful completion of exams awarding the high school certificate.

An Afterschool Reading Program: for elementary school students and parents.

Upon successful completion of either the Flexible Admissions or the G.E.D. Program, a student is guaranteed admission to Boston State College. For further information please call: 731-3300, Ext. 217-219.

The Graduate School

The Graduate School

Drawing on course work funded through the Program of Continuing Education, the Graduate School offers specific programs leading to the degree of Master of Arts, Master of Science and Master of Education as well as the Certificate of Advanced Graduate Study. For descriptions of the individual programs, please contact the Graduate School Office, Room 201 of the Administration Building.

Graduate students who intend to enter a Master's degree program should apply for matriculation before they accumulate more than six graduate credits. See the current **Graduate Studies Catalog** for specific instructions.

Specific programs or departments may impose admission requirements in addition to those specified in the **Graduate Studies Catalog**. Graduate students should consult the chairperson/director or the advisor of their intended program to determine what, if any, additional requirements exist.

Students who are planning to become candidates for a degree or certificate should ascertain the status of their intended program by contacting the Graduate School Office.

Please inquire at the Graduate School Office as to the status of degree programs in Art and Adult Education. Although no programs are presently available, the areas are under study. Please note that degree programs are not offered in Administration (other than Educational Administration), Biology, Core Education, Economics, Music, Occupational Education, Philosophy or Nutrition.

Regulations of the Board of Trustees require graduate degree candidates to select 50% or more of their course work from among courses intended primarily for graduate students (i.e. 9000-level).

Graduate students should frequently consult the bulletin board located outside the Graduate School Office (201 Administration Building) for such important information as dates and locations of comprehensive exam-

inations, and deadlines for student teaching applications.

Graduate students are urged to meet with the academic advisor of their program at least once per semester.

The M.Ed. programs in Special Education, Generic Special Teacher, Moderate Special Needs, Counselor Training and School Psychology are instituting the following procedural changes:

1. As of the Spring 1977 Semester, matriculation interviews will be conducted between September 1 and November 1 during the Fall semester and between February 1 and April 15 during the Spring Semester.

Admissions

The Program of Continuing Education has an open admissions policy to course work. If you have completed high school or have a General Educational Development certificate, you may register for undergraduate courses; if you have a bachelor's degree you may register for graduate level courses. The College reserves the right to deny admission to a specific course to a student who does not have the necessary prerequisites. Advising

Whether this is your first course at Boston State College, or whether you have taken courses before, we encourage you to meet with an academic advisor during the coming semester. Graduate students should talk with a member of the staff of the Graduate school. Undergraduates should make an appointment with a counselor in the Office of the Program of Continuing Education. Counselors will also be available at the time of registration at each Off-Campus location. In addition, counselors will visit the Off-Campus locations during the semester. Instructors at these locations will be notified of specific times and dates of these visits. If you are a student in the Off-Campus program and wish to talk with a counselor, please call the Off-Campus office: 731-4012.

Auditing

If you are interested in registering for a credit course but are not interested in receiving academic credit, you may audit the course. Students auditing a course are expected to attend class regularly, to take part in all aspects of class work, but are not required to write term papers, or take examinations. Register during the Walk-In registration period and pay auditing fees (\$18.00 per credit hour). Students may not change from credit to audit or vice versa after the third class meeting. Students changing from credit to audit are not eligible for a refund.

Bookstore

The College Bookstore is located on the Boston campus in the Tower Building on the second floor and is open Monday through Friday from 8:30 - 5:00 p.m. The Bookstore will also be open evenings during the first weeks of the semester for the convenience of Continuing Education students. Students at Off-Campus locations should contact their instructors for information about purchasing and receiving books. (The bookstore cannot accept personal checks for payment of books.)

Cancellation of Courses — Low Enrollments

The Division of State Colleges through the Program of Continuing Education reserves the right to cancel any course which does not have sufficient paid enrollments to be self-supporting. In an attempt to maximize course offerings, cancellations are done at the last possible moment. We regret that we may not be able to notify all students in advance. Off-campus students are urged to call the off-campus office: 731-4012, the day before their class is scheduled to meet. Students at the Boston campus are urged to check cancellations listed outside the Office of the Program of Continuing Education the day before the class is scheduled to meet.

NOTE: All courses that do not have twelve (12) tuition-paying students by the end of the second schedule course meeting will be cancelled.

Cancellation of Courses — Weather, Emergencies

Cancellation of classes held at the Boston campus are announced on the following Radio stations: WHDH, WBZ, WEEI and WRKO. Off-campus courses

are cancelled when the site location is closed. Students in Off-Campus programs should listen for radio announcements concerning closing of the site locations or call the site location directly.

Course Schedule Changes (Add/Drop)

Course changes must be made during the first two weeks of the semester. A student wishing to change from one course to another must complete the Change of Registration forms available in the Office of the Program of Continuing Education. Students in Off-Campus programs may change course schedules by mail. This correspondence should include the student's name, I.D. number, address, course numbers, and sections to be changed. Mail to: Off-Campus Program, Program of Continuing Education, Boston State College, 625 Huntington Avenue, Boston, MA 02115.

Financial Aid Programs

Boston State College administers a variety of financial aid programs. These programs are available only to those students who are citizens or permanent residents of the United States. All financial assistance is awarded for one academic year only.

Programs Administered by the College

BASIC GRANT (BEOG): Any student who meets the qualifications of being enrolled in an undergraduate program and who has not received a Bachelor's degree should apply for the BASIC GRANT. Notification of Eligibility will be mailed directly to the student's home. Students must promptly return this AWARD NOTICE to the Financial Aid Office, 210K.

GUARANTEED LOAN PROGRAM: Students may apply for this loan directly to a bank, credit union, or loan association if they are enrolled in a graduate or undergraduate program at least half the time. For more information contact local banks.

If you are a student at the Boston campus or at one of our Off-Campus

locations, you may be eligible for financial assistance. For further information please call 731-3300, extension 249 or 250.

Grade Reports

Grade reports are issued to the student approximately two weeks after the end of each semester. The grade report is an unofficial statement of a student's academic progress for one semester. Grade reports cannot be used as transcripts.

Grades-Incomplete (Graduates)

Graduate students may be granted a grade of incomplete by the instructor for good and sufficient reason. Grades of Incomplete should be resolved as soon as possible. The program director and graduate committee of the various Master's and C.A.G.S. programs are free to develop their own policies regarding grades of incomplete and will consider each student's case individually.

Grades-Incomplete (Undergraduates)

INC (incomplete) may be given when all the requirements of the course have not been completed; however, the student must, in the judgment of the instructor, have already successfully completed a substantial part of the requirements. In order to receive a grade in a course with a INC (incomplete), the student shall make arrangements directly with the instructor. It is the student's responsibility to contact the instructor.

ALL INCOMPLETES MUST BE MADE UP BY THE EIGHTH WEEK OF THE SEMESTER IMMEDIATELY FOLLOWING THE SEMESTER IN WHICH THE INCOMPLETE WAS RECEIVED. If this requirement is not fulfilled, the designation of incomplete becomes a final grade of 0.0. A grade can never be removed from the transcript.

Office Hours: Faculty

The faculty of the Program of Continuing Education come from the Boston State faculty, from neighboring colleges and universities and from the business and professional community. Each faculty member will determine his or her own office hours and will inform students of the time and place. The Continuing Education Office will not give out faculty telephone numbers under any circumstances.

Student Classification

Students may register for courses in the Program of Continuing Education under two basic categories:

UNCLASSIFIED (Nondegree Candidates): Students may register for courses as unclassified students if they have not applied for admission to an undergraduate or graduate degree program. Registration in a course(s) is equivalent to admission to the Program of Continuing Education as an Unclassified student.

MATRICULATED (Accepted Degree Candidate): Students who have applied and been formally admitted to an undergraduate or graduate degree program register as matriculated students. Graduate

General Information

students interested in applying for matriculation should follow procedures listed in the Graduate catalog; undergraduate students should schedule an appointment with a counselor in the Office of Continuing Education before applying for matriculation. Although it is not always required, many prospective degree candidates who have been away from formal accredited study for a lengthy period of time have found it beneficial to complete 15 credits of course work prior to applying for acceptance into a degree program. Undergraduate students may matriculate and pursue a degree through the Program of Continuing Education in most of the academic programs offered at the College. However, certain programs requiring specialized course and field work or clinical supervision are available only through the Day Division. It is suggested that undergraduates interested in applying for matriculation talk with a counselor to discuss academic degree requirements, transfer credit, credit by examination opportunities and the selection of a beneficial program of study.

Student I.D.'s

I.D. Cards are required of all students and will be requested for the use of the library and other college facilities. Photos will be taken at the Boston Campus during Walk-In registration and during the first week of classes. The price is \$1.50 and should be included with your tuition and fees at the time of registration. Student's possessing a valid 1977-78 Boston State College I.D. need not purchase a new I.D. at this time.

Transcripts

Transcripts may be requested in person in the Accounting Office, Room 108 Administration Building, or through the mail and must be pre-paid. Transcripts may be obtained upon request at the rate of \$1.00 each. No telephone requests will be hon-

ored. When ordering transcripts through the mail, please supply the following information: name, date of birth, dates of attendance, maiden name (if applicable) and where you would like the transcripts(s) sent.

Mail request should be sent to:

OFFICE OF THE REGISTRAR
(Room 210A)
Boston State College
625 Huntington Avenue
Boston, MA 02115

Transcript requests will be processed according to the guidelines listed below:

1. One week for mail and in-person requests.
2. If current semester's grades are required, this must be indicated on the request form. These requests will be honored within two (2) weeks from the time the semester grade reports are mailed out.

Transfer Students — Undergraduate

Transfer credit is awarded only for grades of 2.0 or better obtained in courses taken at accredited institutions and pertinent to programs offered at Boston State College. Undergraduate students transferring to Boston State through the Program of Continuing Education should submit official transcripts from each institution attended. Foreign transfer students must submit foreign college transcripts to the International Research Foundation, P. O. Box 24679, Los Angeles, California, 90024 for evaluation. After a student requests a transcript evaluation, records of transcripts evaluated at Boston State and in California will be available to students in the Office of the Program of Continuing Education.

Undergraduate Degree Requirements

Once a student has applied and been accepted as a matriculated student in a degree program, the degree requirements of that program must be met. Degree candidates must complete a major and a minor concentra-

tion. A major concentration requires completion of 30-36 semester hours as specified by the department; the minor concentration consists of 18-21 semester hours as specified by the department. In addition, the General Education requirements specified in the undergraduate catalog must be satisfied. Transfer students must complete at least thirty semester hours at Boston State College to be awarded a degree. Department chairpersons must be consulted to determine the applicability of advanced transfer courses.

Off-Campus Program

The Off-Campus Program of Boston State College reaches out with its resources to all members of the community. Our students are professional educators upgrading their potential, business people looking to learn or to improve skills, members of the community beginning or getting back into formal education. The Off-Campus program meets their educational needs. It has grown rapidly and there are now more than twenty locations in the Boston Metropolitan area where over 350 undergraduate and graduate courses are offered. The program encourages adults to take course work at convenient locations on a part-time basis. Boston State is the college that comes to you. (Note: For information on college policies and procedures, and for registration and tuition information, see sections in the front of the catalog.
